Multiplication Tables Check: Parent Information

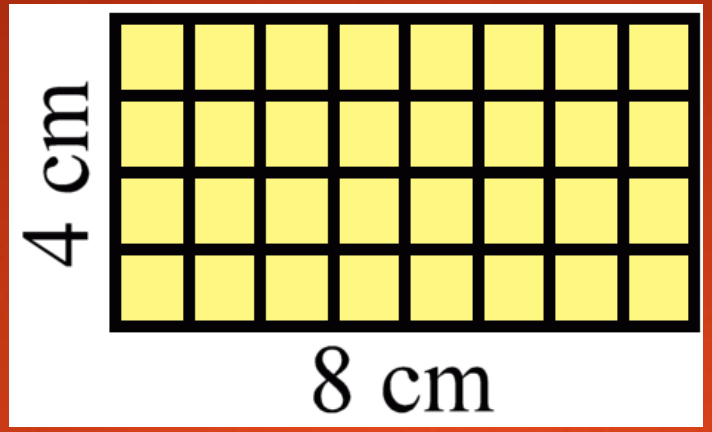

THURSDAY 30TH MARCH 2023

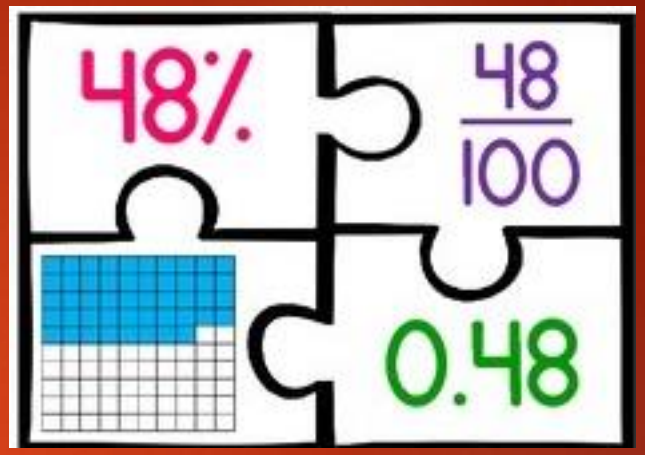

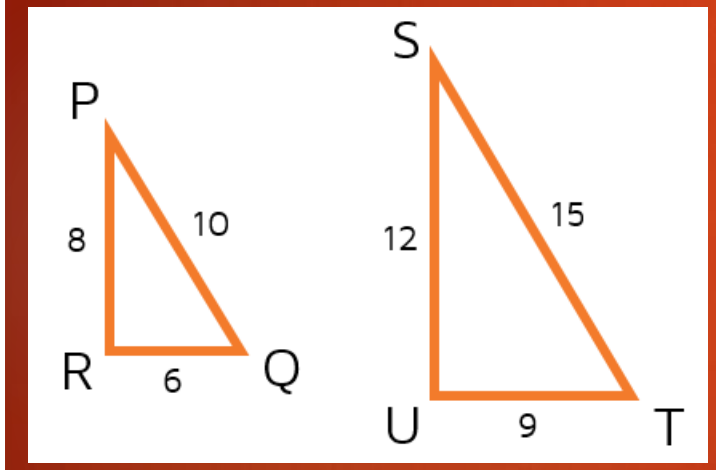

National Curriculum Expectations

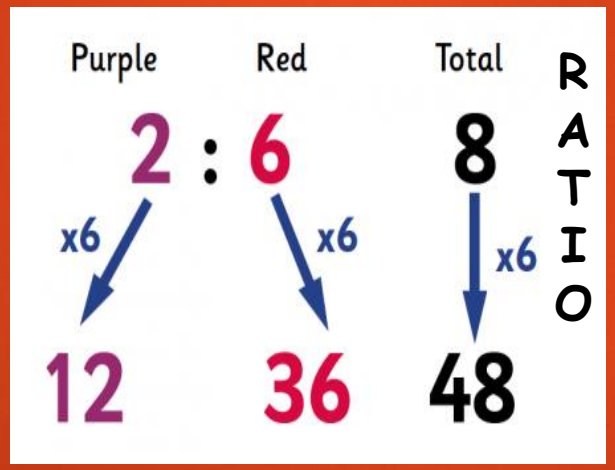

Year Group	Expectation
Year 1	Count in multiples of **2, 5 and 10**. Recall and use all **doubles to 10** and corresponding halves.
Year 2	Recall and use multiplication and division facts for the **2, 5 and 10** times tables including recognising **odd and even numbers**.
Year 3	Recall and use multiplication and division facts for the **3, 4 and 8** times tables.
Year 4	Recall and use multiplication and division facts for tables up to **12 x 12**
Year 5	Revision of all times tables and division facts up to **12 x 12**
Year 6	Revision of all times tables and division facts up to **12 x 12**

Why is Multiplication important?

Multiplication Tables Check (MTC)

- The **Multiplication Tables Check (MTC)** will be administered to children in **Year 4**.
- The purpose of the MTC is to determine whether Year 4 pupils can recall their multiplication tables up to 12x12 fluently as outlined in the National Curriculum. Pass or Fail.
- Children will be tested using a computer, where they will have to answer multiplication questions against a clock. The test will last no longer than 5 minutes; children will have **6 seconds** to answer each question in a series of 25.
- The MTC will take place during the week of the 5th of June.

The MTC simulated test

Here is a game you could play…

Super Fingers

This is a game for two players!

The game is basically a version of rock, paper, scissors but with numbers. Two players count to 3 and then make a number using their fingers.

Both players then have to multiply both numbers together and the quickest wins.

Year 4
Multiplication Tables
Check Information

Information Booklet

The DfE state that the motivation behind the MTC is purely to allow teachers a chance to identify children who need some more help with their times tables to stop them from falling further behind their peers as they move up to Year 5 and then Year 6.
